HOW WOULD YOU LIKE TO EARN WAGES WHILE YOU LEARN A TRADE?

- § Making the right career choice is imperative on the road to success.
- § Good wages are obviously an important factor in making this choice, but how about job security? Benefits?
- § And how do you feel about advancement opportunities?
- § If these things are important to you, look no further than Pipe U.

An apprenticeship at Pipe U is a 60-month (5-year) program that combines on-the-job training of 40 hours per week with two nights of school per week. You'll accumulate a total of 216 hours of school each year and, upon completion, earn 1/2 of the credits required for an Associate's degree. And best of all, receive free tuition. Thanks to a building boom, there's a chronic shortage of people skilled in plumbing, air conditioning and pipefitting. Pipe U is designed to meet the need for these skilled tradesmen.

REQUIREMENTS:

Complete an application.

Be at least 18 years of age and submit reliable proof of birth date at time of application.

Submit DD214 from for veterans consideration (ie. military)

Must have a H.S. diploma or GED

Possess and maintain a valid Florida Drivers License

Appear for interview when notified
